What is eduroam?

It is a secure wireless network service that allows faculty, staff, and students to use their home institution's wireless credentials to access wireless networks when visiting other eduroam participating institutions.

Why should I use eduroam?

- Mobile secure access
- Eliminates the need for guest account when visiting participating campuses
- Seamless transition to other campuses and locations with eduroam implemented
- Free wireless while visiting other locations
- For the eduroam map: https://monitor.eduroam.org/map_service_loc.php

Who is it meant for?

All faculty, students and guests visiting other campuses. The Niagara Secure Wi-Fi is still meant for those who are at our campus.

Need help connecting?

APPLIED DREAMS.

How to connect to the eduroam network

Android

1. On your Android device,
   - Settings
   - Tap Wireless & networks
   - Wi-Fi settings.
2. Tap eduroam.
3. Make sure that for EAP method, PEAP is selected.
4. Tap Phase 2 authentication, and then select MSCHAPV2.
5. Enter:
   1. Username: **Your Blackboard email**
   2. Password: **Your Blackboard password**.
   3. CA certificate and User certificate are both Unspecified.
6. Tap Connect.
7. If asked to accept a College certificate, click Yes.

iOS

1. Settings
2. Click Wi-Fi. (Make sure Wi-Fi is on)
3. Click the eduroam network
   - Username: Blackboard email
   - Password: Blackboard password
   - Click Join
4. Click Accept to accept the Niagara Eduroam security certificate
5. A tick will appear next to eduroam when the iPhone connects to the network.

Laptop Windows

1. Click the Network icon (bottom left of your screen in the task bar)
2. Select eduroam
3. Make sure to fill in the following:
   a. Network name: **eduroam**
   b. Security type: **WPA2-Enterprise**
   c. Encryption type: **AES**
   d. Start this connection automatically.
4. Accept the security certificate if prompted

Laptop iOS

1. Click the Wi-Fi menu icon
2. Select eduroam Wi-Fi network from the list of available networks.
3. Enter your Blackboard email and password
4. Check "Remember this network"

To disconnect from the eduroam wireless network, turn the wireless off.

Sync your AirNC-Secure and eduroam accounts

1. Scan the QR code or navigate to: https://cat.eduroam.org/?idp=2111
2. Click: **Download your eduroam installer** if it's the correct system.
   - If it's not showing the right system Click: **Select another**
3. Open the **Downloaded file**
4. Click: **Run**
5. Follow the prompts.

Make sure you log in with your School Email
