# Pairing an Existing Connect Account and Existing Section with McGraw Hill Connect LTIA

Before you begin, please complete the following:

1. Log-in to Blackboard and navigate to your existing Blackboard Course site with McGraw Hill Connect elements in use.
2. Delete the original McGraw Hill assignment links and gradebook columns in your Blackboard course. Click here for instructions on deleting assignment links and grade center columns.
3. From the left course menu, open the **Content Area** (e.g., Course Documents or Assignments) where you would like to add McGraw Hill Connect elements.

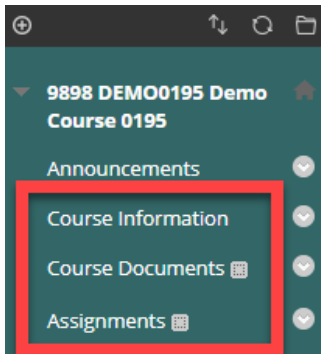

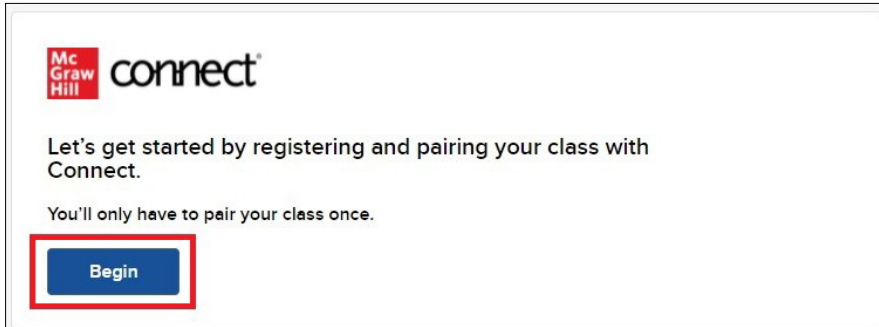

4. Click **Build Content** (from the top left) and select the **McGraw Hill Connect LTIA** link from the drop-down menu.

Once you have opened the **McGraw Hill Connect LTIA,** follow the steps below to pair your existing account.

1. Click **Begin.**

2. Login to your Connect account.

3. Click **Pair with existing Connect course.**

er Experience Group at 800-331-5094
TI Advantage LMS integration.

4. Locate the Connect section you want to pair with and click **Select.**

Psychology - Introductory

Connect 101
14th edition

Sections (1)

Spring 2022 - BbUltra   Select

5. Click **Go to Section Home.**

You have paired your Blackboard course with Connect!

Need help? Please contact our Customer Experience Group at 800-331-5094
and specify that you are using LTI Advantage LMS integration.

7. Click on the paper stack icon and select **Deploy/manage.**

8. Verify the Grade Type and click **Deploy.**

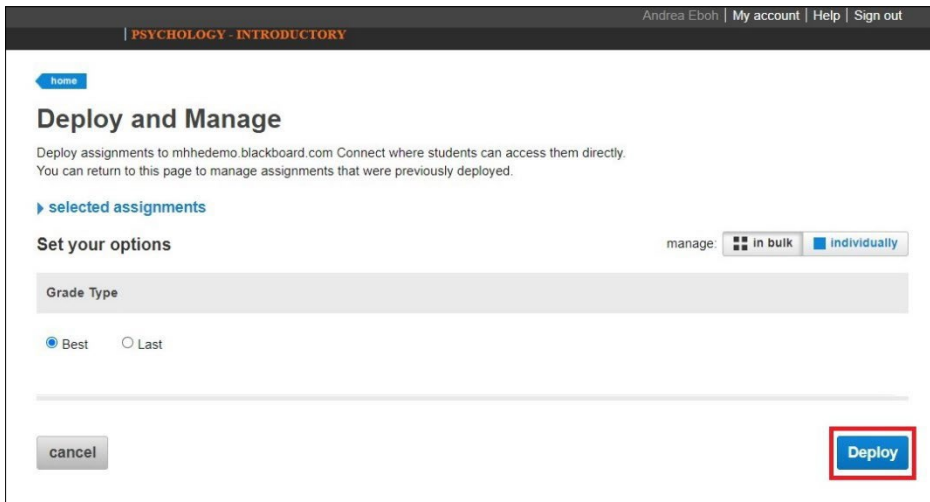

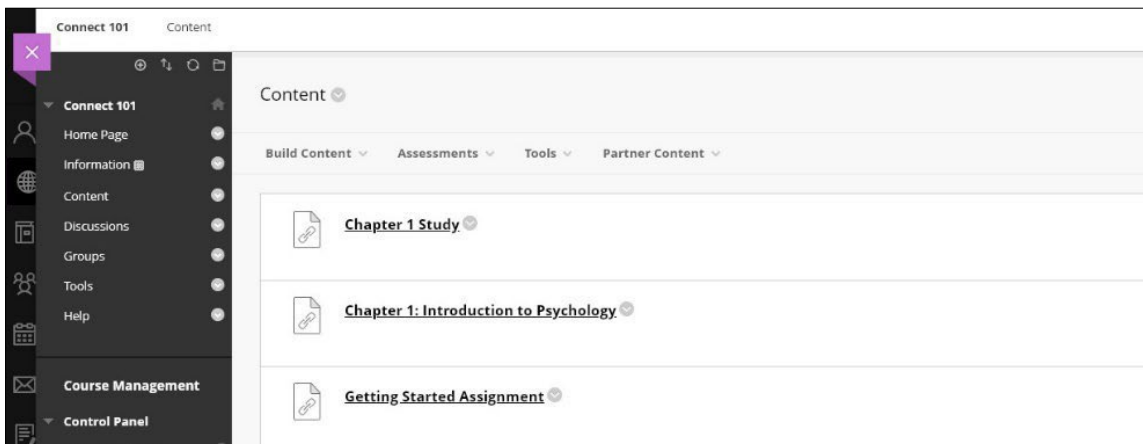

9. The assignments should now be in the Blackboard Content area for your course and a grading column has also been created for each assignment in the course. All assignments will have the same icon in your Blackboard course.

   Please note that if you make any edits to assignments in Connect, you will need to redeploy the assignment to Blackboard to update it.
